QI Coordinator

Re: PCR Completion, Provider Name and NYS EMT number

During routine Pre-hospital Care Report (PCR) reviews conducted by Hudson Valley Regional EMS office staff, it was found that several providers have been entering their agency issued employee number or radio call sign in place of their name and New York State Department of Health (NYSDOH), Bureau of Emergency Medical Services (BEMS) issued EMT number.

NYSDOH BEMS Policy Statement 02-05 Re: Pre-hospital Care Reports requires that all PCRs must include:

“Crew names, level of certification and NYS certification number”

Effective immediately, PCRs submitted to the Hudson Valley Regional EMS office found to have agency issued employee numbers or radio call signs in place of the crew names, level of certification and NYS EMT certification number will be returned to the originating agency for completion and resubmission.

Please contact the Hudson Valley Regional EMS office with any questions in this regard.
